About Us

Dubai Euro Technical Services L.L.C is registered to carry out electromechanical works and related activities in the construction of buildings, industrial plants, infrastructure and other related facilities in United Arab Emirates. Dubai Euro, with its steady development and growth since its 1992, is today considered as one of the most promising electromechanical companies in the country. Being awarded many prestigious contracts, Dubai Euro successfully completed projects all over the country in a very wide span of its field. Dubai Euro has professional expertise in all industrial, architectural, infrastructures and energy related electro-mechanical disciplines in the field of construction. All the projects undertaken by Dubai Euro are executed on a "task force" basis with its high quality and expert management and a work force dedicated to their work. Through its rich resources coupled with the financial strength, effective operational system, extensive experience in the field of construction and engineering as well as the high quality technical and managerial staff, Dubai Euro recognizes any challenge posed by new projects regardless of the size or complexity of the project with its commitment to competitive prices and compliance to all quality standards. To update and improve its office facilities, operation/execution systems and equipment's, information technology system, management control system is another commitment of Dubai Euro to maximize the efficiency for successful completion of projects to both schedule and budget.

As an Emirati owned company, Dubai Euro Group understands the importance of providing sustained opportunities for development and career progression for the youth of the UAE, and for that reason has promoted Emiratization across it's group enterprises. Believing and empowering the Emirati youth, as well as ensuring an atmosphere of growth and development for all of our employees has been at the core of Dubai Euro Group's success in the region and is why we are considered to be leaders in our various industry sectors.

Being a leader in the regional market for the last 37 years, especially while operating over such a breadth of fields and sectors, means that we have become experts in the local and regional markets, and it is our hope that this expertise can drive us forward to expand globally within the near future.

Currently, we have grown to be seven entities, each of which continue to deliver outstanding results:

- Dubai Euro Technical Services L.L.C
- Dubai Euro Switchgear L.L.C
- Dubai Euro Contracting Co. L.L.C
- Dubai Euro Real Estate Broker L.L.C
- Dubai Euro Facilities Management
- Euro Furniture
- Dubai Euro Interiors
- Al Mashroom General Trading L.L.C

- Value Engineering

What We Do

- Construction
- Maintenance

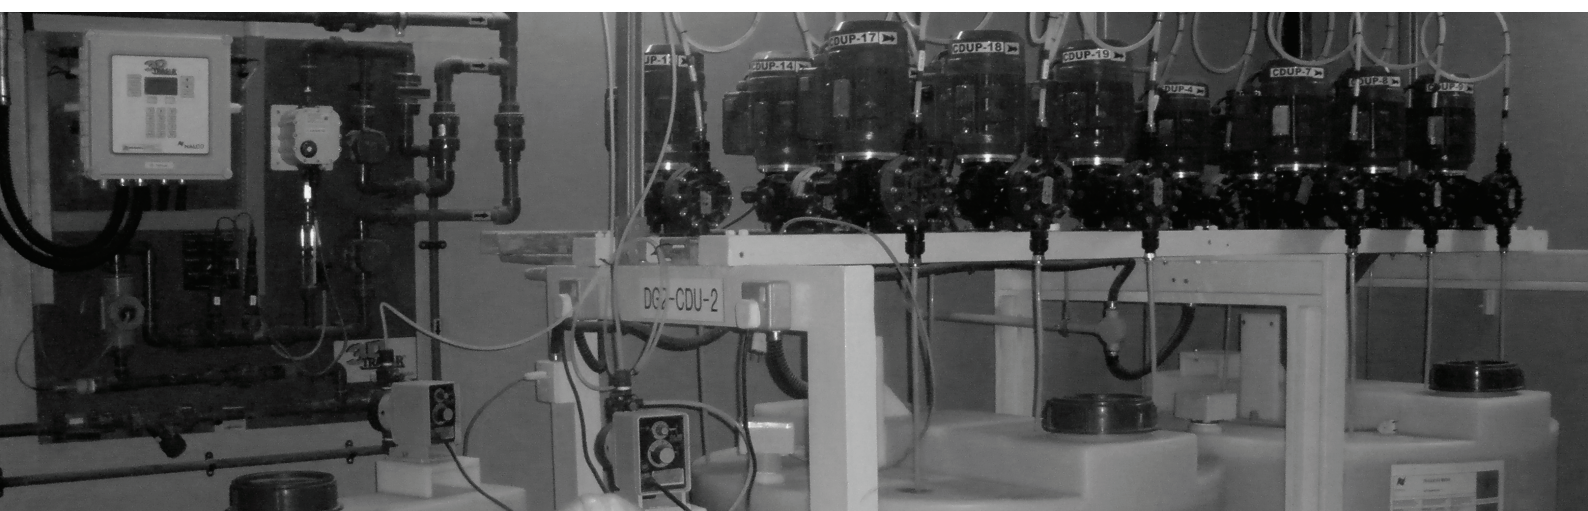

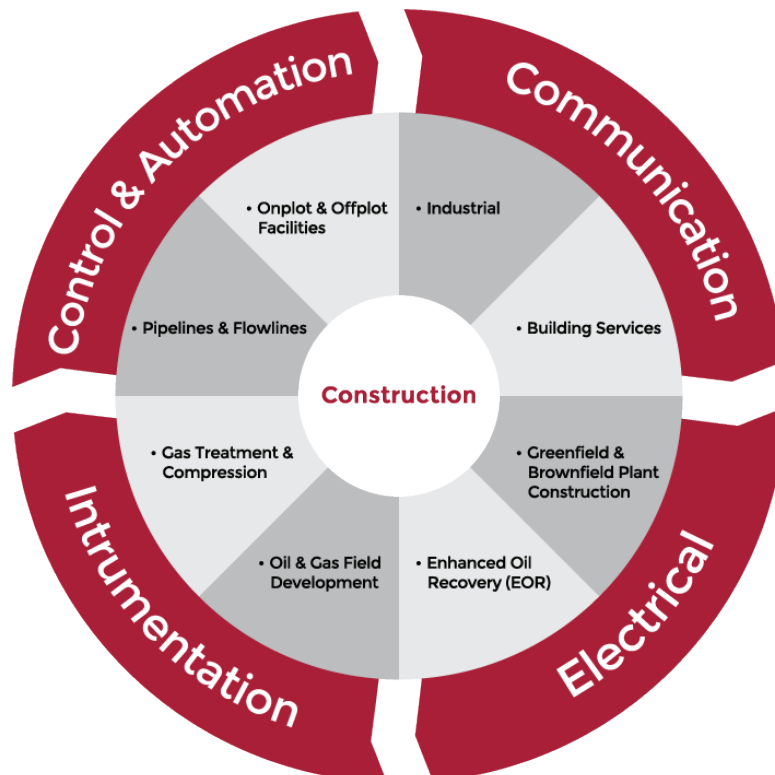

Construction

Dubai Euro Technical Services has a rich and varied experience in execution of challenging projects within critical timelines and stringent parameters.

We deploy advanced construction methodologies, well-defined systems, software's and proven procedures.

Oilfield construction is our core capability and we boast of a successful history in executing both Fixed Term EPC Projects and Long Term Service Contracts. Our in-house capabilities encompass Electrical, Instrumentation, Control & Automation and Data & Communication disciplines with dedicated teams serving each discipline area.

Construction

Our capabilities:

- Complete Electrical Works of Substations & Power Plants
- Energy Management Systems
- Power quality monitoring system
- High Voltage & Low Voltage Switchgears
- Power Transformers, Reactors and Capacitor Banks
- UPS & DC Charger works
- HVAC Systems
- Fire Alarm & Building services works.
- CCTV and security systems
- Construction Services involving installation and testing
- Testing & Commissioning Services
- Industrial Electrical Works
- EPC of Complete Instrumentation in Oil field services
- Installation of Instrumentation Systems (PLC, IPS, DCS, F & G, SCADA, WHCP, Flow metering system, Pressure reduction system, Analyzer with analytical instruments, Instrument cabling work etc)
- Refurbishment, Calibration and Testing of all types of Field Instruments, Control Valves, On / Off Valves and Testing & Calibration of Safety Valves
- PLC & SCADA control works

Maintenance

Dubai Euro Technical Services strength is Plant Maintenance, Turnaround and Shutdown across petrochemical plants and refineries. Since beginning, Dubai Euro Technical Services has been providing maintenance services to the oilfield operators in UAE and carried out successful preventive and breakdown maintenance campaigns on static and rotating equipment. Our maintenance capabilities extend to instrumentation and electrical disciplines.

Our mission is to provide a quality service that reduces equipment down time, product deferment and the operating lifetime costs of equipment.

Our capabilities:

- Wellhead Equipment
- Rotating Equipment
- Electrical Systems
- Instrumentation Systems
- Static Equipment
- Valves

Quality Control

The Dubai Euro Technical Services commitment to Total Quality in the Design, Engineering, Procurement, Installation and commissioning service of our projects since 1992 has been proven by continuing improvements achieved by dedicated employees for our valued customers.

In order to achieve this objective, it is the policy of DETS to establish and maintain an efficient and effective quality assurance program, planned and developed in conjunction with all management functions. Determination of Conformance of Work to contract requirement is verified on the basis of objective evidence of quality.
